TEAMS BMS

"Sea of Blue: Students Celebrate Blue Day with Enthusiasm"

Sree Bhagwan Mahaveer School celebrated Blue Day, where students and teachers alike donned their best blue attire. The day was filled with exciting activities, competitions, and performances, all centered around the theme of blue. The chief guests were our honorable Principal sir Vishnu R Nair and our Respected Anand sir.

From the class 1st to 3rd the students were showed their talents through group dance and speeches done by themselves.

The school's corridors and classrooms were decorated with blue balloons, streamers, and posters, creating a vibrant and festive atmosphere..

Blue Day Celebration

● "A day filled with fun, creativity, and beautiful moments"

The day began with a blue-themed assembly, where students showcased their talents through songs, dances, and skits. The highlight of the programme was a stunning dance show, where the KG students modeled their creative blue outfits. Throughout the day, students participated in various blue-themed competitions like speeches and rhymes.

"The more you praise and celebrate your life, the more there is in life to celebrate"

"RING PLAY GAME" CONDUCTED FOR SBMS BABY CLASS

Sports are very important for our life. Because playing sports keeps our body physically and mentally healthy. It gives energy to our body and our mind remains happy. Sports strengthens our immune system so that we can fight against any disease. It keeps our digestion strong. Nowadays sports are very effective way to build a better future. Sports are also encouraged by the government, competitions are organised from time to time.

CCA Day: A Celebration of Sports, Creativity, and Teamwork at School.

The Kindergarten section was filled with laughter and excitement as the little ones participated in the Elephant Walk game. This fun and engaging activity allowed the youngest students to improve their coordination and balance while having a great time.

Class 1 students demonstrated remarkable concentration and balance in the Balancing Ball game. The activity not only entertained the children but also helped in enhancing their motor skills and focus. Students of Class 2 embraced the challenge of Pen Balancing with enthusiasm.

This activity tested their patience and fine motor skills, providing a unique and enjoyable experience for all participants. The Class 3 students showed excellent teamwork and coordination in the Passing the Ball game. The event was filled with energy and excitement, highlighting the importance of collaboration and communication among peers.

Kabaddi matches for students from Class 4 to 9 were the highlight of the day. The intense and thrilling games showcased the students' athletic abilities, strategy, and teamwork. The enthusiasm and sportsmanship displayed by the participants were truly commendable. Competition conducted on 06/07/24 Jagruthi and Prerana tied with 3-3 each. Competition held on 27/07/24 Ahimsa won over Pragathi with 4-2.

Alongside the sports events, a school-wide drawing competition was conducted, encouraging students to express their creativity on various themes. The competition saw an array of beautiful and imaginative artworks, reflecting the diverse talents of the students. Winners were awarded in different categories, celebrating their artistic achievements. These activities not only provided a break from the regular academic routine but also contributed to the overall development of the students, fostering a spirit of healthy competition and creativity in the school.

It's Exam Time

On 22 July 2024, Monday SBM school conducted examination in all three premises (i.e nursery to KG, 1st standard to 3rd standard, and 4th standard to 10th standard). The examination was held for the academical year of 2024 – 2025. Formative Assessment Test – 1 was conducted under the guidance of Principal Vishnu R Nair sir and by the leadership of Mr. Janardhan (1 – 3), Mrs. Mahananda (Nursery to KG).

The students were accommodated in various class rooms apart from their own. The arrangement of examination was done by the incharge teachers, which was fantastic and well organised. Besides all other teaching staffs of SBM were assigned to supervise the pupils during the examination. The examination terminated on 25 July 2024 evening with national anthem by students of SBM.

Science Club Formation

The SBMHS is proud to announce that Science Club was started with an aim intended to motivate students to get scientific knowledge. In this club, the activities will be designed primarily to introduce students to undertake interesting and exciting science and technology projects. Having this Science Club Formation program at the premises in SBMH School was a grand success with the special guest appearance Mr. Vishnu R Nair (Principal SBMS), followed by the selection of students for Science Club.

Conducting Indian Talent Olympiad on General Knowledge

A National Level Olympiad Exam to increase the skill for attending competitive exams has been decided to conduct in our school in the month of November 2024. While participating in the Indian Talent Olympiad help students to improve their academic performances and measure their knowledge level and exam readiness with other students across the country,

We have ensured that every participant is motivated to excel in their respective fields and academics.

“Indian Talent Olympiad is one of the good competition to the students to excel their knowledge” – Shri.Dr.A.S.Kiran Kumar(Former Chairman, Indian Space Research Organization-ISRO)

Learning science with new ideas and methods is very interesting for the students. To promote activity based learning environment, the science club of our school had given an activity to its members to find the botanical names of the plants and trees which are present in the school campus.

Under the guidance of science teachers namely Mr. Soman, Mr.Rejeesh and Mrs. Salini, the students went through many reference textbooks and searched in google to find out the actual botanical names. Students found the names and made eco-friendly boards with the botanical names of each trees. These boards were fixed near to the plants and trees.

It was totally a new experience for the students to read and understand the botanical names of plants and trees.

A worthy contribution to the school library

Mr.Rejeesh, Science Teacher of our school had contributed a book to the school library named “Computer Basics” on behalf of his birthday celebration.

It will be a worthy contribution for many students who are studying and who are going to study in our school.
