Your parents are equally worried about your performance, hence give them assurance that you will do your best. Certainly parents will stand by you irrespective of the outcome of this exam. Many of you are living with fancy career goals but you are unable to disclose them. A few of you want to be artists, radio jockeys, lawyers, scientists, pilots, actors, journalists and other such.

The outcome of this exam should hardly affect your dreams. Please understand, may be a bigger accomplishment is waiting for you. Keep yourself composed as this is not going to be the last exam of your life. Prepare back-up plans and remind yourself "I will do it". Please dream about success only, while preparing for your exams. As your parents, teachers and many more are praying to the Almighty, your dreams will come true. Hence don't dream about failure
